

501 (c)3

The Alaska Impact Alliance is a working group of child welfare practitioners. We are Tribal, public, and private sector innovators and agency leaders building a statewide community-based prevention network that reduces the need for child protective services interventions.

SUPPORT SERVICES

The network members and project affiliates within the AIA will be able to utilize shared resources and supports for efficient and effective operations. The AIA will offer services and member benefits through existing partner organizations.

NETWORKS & PROJECTS

The AIA will organize statewide prevention efforts by housing multiple networks and projects related to child welfare in Alaska.
